Water Supply to the Kadur Town

Indexed

Memo

In D. P. W Pro etc $\frac{902-6}{6320.4}$ dated 9: Dec 1897 (Sl 1), an estimate for Rs 7444 was sanctioned for the water supply project of the town of Kadiwa, but the execution of the work was ordered to be deferred till the Municipality agreed to pay its share of the cost under Govt Pro etc $\frac{3916-36}{749-69}$ dated 1st August 1894, viz Rs 275 per annum for 20 years.

(2) In reply to an enquiry made from this office (Sl 2), the municipal Board agreed to pay their share of the cost of the work amounting to Rs 5500 (Sl 3) & ~~a~~ to a copy of the Proceedings' communication was communicated to the Chief Engineer with reference

to the D. P W Pro of 9. 12. 97. Accordingly a loan of Rs 5'500 was granted to the mty on condition of its repay 20 years at R. 275 per annum.

(3) If the entire cost of the work is Rs 7444, a moiety thereof, which the Municipality of Kadur has to contribute is only 3722 Rs, the other moiety being treated as grant in aid, lest the office failed to ~~could not~~ make out how a sum of Rs 5'500 has been fixed as the municipal contribution for the work, payable in 20 years by annual instalments of Rs 275 each. + (275 × 20) = Rs 5500

(4) From enquiries made in the Sanitary Engineer's office, it ~~is learned~~ has been ascertained that in the Report accompanying the Project, Rs 3722 was mentioned as the amount payable by the Municipality with interest at 4 per cent per annum in 20 years by annual instalments of Rs. 275 only & that the calculation was based

on a datum given in an Engineering Book, the rate of interest being 4 per cent per annum

(5) May the Chief Engr be asked to state ~~whether~~ ~~approved~~ ~~for~~ ~~Rs 2500~~ ~~in the Budget for~~ ~~Kadavu Municipality~~ how a sum of Rs 5500 ~~recovered~~ or Rs 1788 more than a moiety of the cost of the water supply project was fixed as loan payable by the Municipality and in the event of Rs 5500 including interest also, whether an annual provision of Rs 275 ~~made~~ in the budget of Kadavu ~~town~~ is not sufficient to cover the principal as well as interest & why a moiety of the project say Rs 3722 may not be

Issue of no repayable loan
and interest changed, to
the Municipality on a moiety
of expenditure actually incurred
on the works, as was done
in similar cases heretofore

(6) The Budget of the Kurdee Mutty
for 1898-99 now under
discussion is submitted for
examination & provides Rs 2,75
on account of Principal and
Rs 220 on account of interest
towards the loan

(2) Docket no. 1338/266 dy 25th April 1897 from the same officer, submitting Copy of Chemical Examiner's no. 81 dy 8th idem, pronouncing the water in the Kadur Stands to be fit for drinking purposes.

No. 902-6/6320-4 Dy Bangalore 7th Dec 97

Order thereon — The Estimate is sanctioned but the execution of the work should be deferred till the Municipality agree to pay their Share of cost under Govt Rs (Rev) no. 396-86/749-69 dy 1st August 1894 i.e. Rs 375 per annum for 20 years the Municipal Resolution is a surprise & [illegible]

there can surely be a no more essential and necessary item of Municipal Expenditure than payment for a pure Water-supply; & that the trifling annual payment required for a fixed term of years can readily enough be provided by curtailment, if necessary, of other less essential items. It is feared the Board do not understand the position. If they do not help themselves to some extent, the Govt must reserve its resources for places which show a greater spirit of self-help —
